Productivity Movement:

NATIONAL PRODUCTIVITY ORGANISATION

PRODUCTIVITY IS A WAY OF LIFE

NPO

WHAT IS NPO

National Productivity Organisation (NPO) is a govt. Department under the Ministry of Industries established in 1989. It is a national level specialized organisation to promote productivity and thereby accelerate pace of economic development through its multidimensional activities like creation of productivity awareness, development of productivity infrastructure and implementation of productivity improvement programme. NPO is the only organisation responsible for formulation and implementation of productivity policy of the Government. NPO also implements the plans and programmes of the Tokyo based Asian Productivity Organization (APO) which is an inter government body for the Asia Pacific region.

VISION OF NPO

To become National Leader in Productivity and Quality Management

MISSION OF NPO

1. To provide competitive services through variety of effective program towards promotion of Productivity and Quality.
2. To build up institutional framework and promote Productivity and Quality System at macro and micro level through training, consultancy, research and promotional activities

COVERAGE OF ACTIVITIES

NPO's activity cover the following sectors

1. Jute sector
2. Textile sect
3. Chemical sector
4. Engineering sector
5. Sugar and food sector
6. service sector
7. Small and cottage industries sector
8. Agriculture sector
9. Transport, communication and tourism
10. Water gas and electricity
11. IT, Education and health
12. Financial intermediation

KEY ROLES

In serving to the public and private organisations, the NPO performs the following roles:

- As a think tank to develop productivity programs
- As a catalyst to promote plant level productivity through consultancy
- As an advisor on productivity programs evolve institutional framework for productivity movement in the country
- As an institution builder to strengthen the capabilities of the clients
- Conduct survey, study and research work on productivity as well as assist the government in formulating productivity policy.

NPO Projects

NPO projects address the need of customers and are conducted through a combination of presentation by experts; practical kaizen projects; field visits to factories, farms and institutions and sector reports publication.
